

HEALTH AND SAFETY POLICY STATEMENT

It is the policy of the Company that we shall ensure the health, safety and welfare at work of all our employees and any other persons who may be affected by any of our activities. It is the intention of the Company to allocate sufficient resources to identify all significant hazards and to eliminate them or reduce and control risks arising from them.

The Company will provide and maintain: -

1. Machinery, equipment and plant that is safe and without risk to health
2. Safe systems for the handling, storage, transportation and use of articles and substances, without risk to health
3. Information, instruction, training and supervision that ensures the health and safety of all employees
4. A safe place of work, including entrances and exits, that is without risk to health
5. A safe and healthy working environment, and adequate arrangements for the welfare of employees

The Company Directors and Managers will make every effort to keep themselves informed and up to date with Health and Safety Legislation, both current and future. Where necessary advice will be requested as appropriate from, the local Fire Service, the Local Authority, the Health and Safety Executive or other bodies. The Company will also employ the services of Competent Persons where internal competence needs to be supplemented.

A copy of this Policy Statement will be made available to all employees. It will be reviewed at least annually, and updated as required, or in the case of any significant change in premises, working conditions and practices, equipment and substances in use, or legal requirements which may affect the Health and Safety of our employees or anyone else who may be affected by our work.

Distribution, implementation, ongoing review and revision of this Policy Document will be the responsibility of the undersigned Director of the Company.
